

STEM Category: Poster requirements and board dimensions.

A poster is a visual summary of the project report file. Details of the project written on the poster must be easy to read from a distance, use **Calibri Body font** with the font size of **22**. Finalists are free to use any colour combinations on their poster. The display poster dimension is **76.2 cm** height and **122 cm** width. The following titles must be written on the poster: Research Question, Aim, Hypothesis – engineering goal, Background Research, Methods – procedures, Errors and Limitation Gaps, Future Research, Conclusion, Results, Data Graph – table, and Acknowledgements.

Aim – problem statement	Project title – Picture of prototype	Conclusion
Research Question – hypothesis – e.g: engineering goal	Finalist's details Full name and country's name	Results & discussion of results
Background Research	Errors and Limitation Gaps	Data table – Graphs
Methods – Procedures	Future Research	Acknowledgements
